

Multiplication Table Generator (C# Windows Forms)

C# Code:

```
private void buttonGo_Click(object sender, EventArgs e)
{
    listBox1.Items.Clear();

    int number;
    if (int.TryParse(textBoxNum.Text, out number))
    {
        for (int i = 1; i <= 10; i++)
        {
            listBox1.Items.Add(number + " x " + i + " = " + (number * i));
        }
    }
    else
    {
        MessageBox.Show("Please enter a valid number.");
    }
}
```

Sample Output (If input = 5):

```
5 x 1 = 5
5 x 2 = 10
5 x 3 = 15
5 x 4 = 20
5 x 5 = 25
5 x 6 = 30
5 x 7 = 35
5 x 8 = 40
5 x 9 = 45
5 x 10 = 50
```
